The following information must be submitted with this application:

- Site plan showing the entire lot, existing buildings, location of pool and pool deck, setback distances from side lines, rear line and house, underground electrical connection for filter pump and/or lighting, and location of existing or proposed fence.
- A grading plan for an in-ground pool.
- A plan or drawing showing a full description of the filter system and pump, and all materials and methods of construction. A pamphlet detailing this information is sufficient.
- An electric permit application describing how the pump will be connected to the power source.

The acceptance of the permit herein applied for shall constitute an agreement on the part of the undersigned to abide by all the conditions herein contained, and to comply with all ordinances of the City, and any special requirements, relating to the work to be done.

Homeowner's obtaining the permit must fill out a homeowner's affidavit.
