Help you can provide assistance to others. We will work together as volunteers and coordinate with local public safety departments.

The mission of the CERT Community Emergency Response Team (CERT) is to provide assistance to others. We will work together as volunteers and coordinate with local public safety departments.

For more information on CERT, please visit communityemergencyresponseteam.com or email: communityemergencyresponseteam@mayfieldheights.com.
WHAT IS a CERT?

CERT is a proud partner of Citizen Corps (part of FEMA), and the effort to have everyone in America prepared, train, and volunteer to help communities improve community preparedness and emergency response. CERT volunteers provide immediate assistance to victims, key support to professional first responders, activities at an emergency site, organizational skills to coordinate, and assistance at non-emergency site. CERT members must be at least 18 years of age or older and are looking for a proven way of making a positive impact on the safety and well-being of your community. The CERT Program is for you.
